EXPERIENCES & PROJECTS

Deja Brew

April 2023

Tools used: (HTML/ CSS, Bootstraps, JavaScript)

A coffee shop website that is an essential tool for any coffee shop that wants to attract and retain customers in today's digital age. With our coffee shop website, customers have the convenience of browsing the menu, placing orders, and finding information about our business online.

Health ++

May 2023

Tools used: (HTML/ CSS, Bootstraps, React, Node.js, Mysql)

A medical consultation website which is designed to help different Hospitals to have a neat schedule with their patients and at the same time help patients to make an appointment with ease.

Rock Paper Scissor

April 2023

Tools used: (HTML/ CSS, Bootstraps, JavaScript)

An iconic game, where you'll go head-to-head against the computer choosing between the three options: rock, paper, or scissors. Rock crushes scissors, scissors cuts paper, and paper covers rock. With quick thinking and a bit of luck, you'll strive to outsmart your opponent and claim victory.
